

Secure and simple way to share exams

More than 4000 Healthcare professionals use our medical software solutions.
Approximately 10 million images have been exchanged with ACETIAM's teleimaging solutions and services.

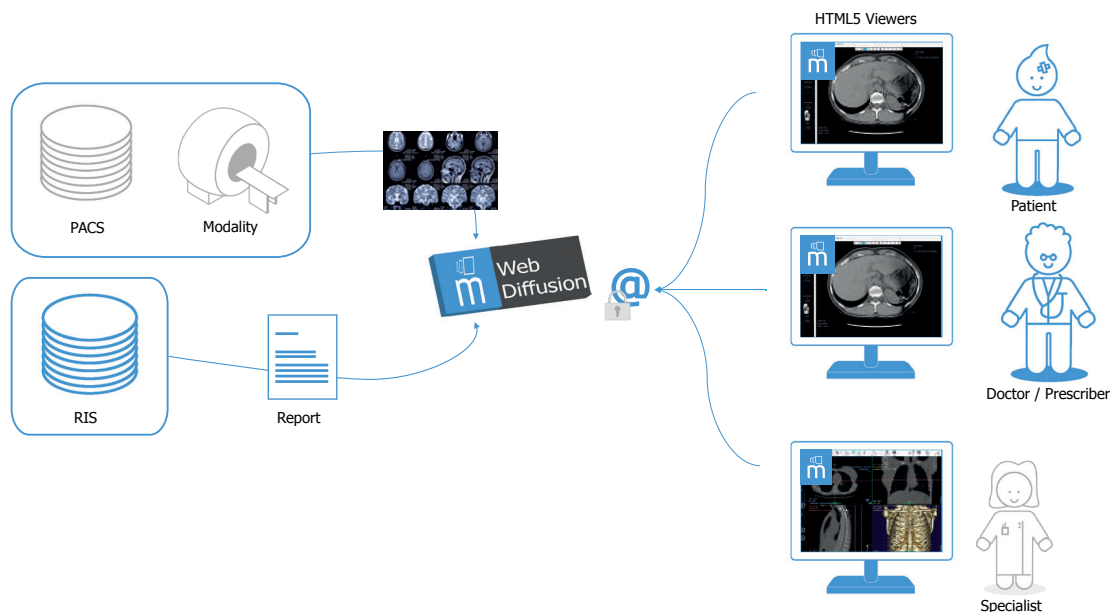

Automatically share exams and reports via the Web.

ACETIAM Web Diffusion enables the transmission of images and reports to patients and physicians. Reduce costs related to films, CDs and paper production. ACETIAM offers a simple, fast and secure solution.

Benefits :

- **Flexible Solution to adapt** to your working environment.
- **Transparent integration with** your equipment (DICOM Store reception, reception of HL7 messages, etc.).
- **Ease of use** : no installation is required, a simple internet connection is enough to use the Streaming Viewer (Zero Footprint).
- **Reduction of publishing costs.**
- **Diagnostic viewer** certified CE and FDA class IIA.

Web diffusion scenario

FEATURES

- Medical data is shared through a **simple and ergonomic Web interface**
- **Patient access to images in a JPEG format and his report**
- **The referring physician is notified by email** concerning the diffusion of exams, and can review **images in DICOM format** via the HTML5 Viewer and access to the report.
- The radiologist may access patient cases through quality diagnostic HTML5 Viewer.
- The referring physician and the specialist can download exams in DICOM or JPEG format with the integrated Viewer.
- An administrator has the **capability to delete an exam or to limit its diffusion.**
